GREENWOOD NEWS

General Election Tuesday, November 3rd

The Village Clubhouse will be open for voting from 6:30 am-7:30 pm. If you would like a copy of the flyer from Candidates Night listing the issues and candidates, it is available on the Greenwood website.

Carriage Trail Bridges Update

The three bridges — Rocky Run, Twin Oaks, and Hemlock span ravines that are up to 80 feet deep and were only 20 years old when closed by the Cuyahoga Valley National Park in 2009 as unsafe. Now there may be money in the 2016 budget for the CVNP to design at least one bridge, a hopeful next step on the path to reopening the full Carriage Trail. Until that day arrives, a portion of the trail called the Hemlock Loop is still open. It connects an open portion of the Carriage Trail, via 2 Greenwood trails, to the opposite ends of Hemlock Road, creating a complete loop that will take Greenwood hikers by the Hemlock Bridge. If you have never seen the Hemlock Bridge (spanning 166 feet), it is definitely worth seeing before it collapses or is demolished.

REMEMBER – The Bridges are Unsafe!

You can poke holes through the rusted steel and they could collapse under their own weight at any time.

They are even more likely to collapse when covered with snow!

PLEASE DO NOT GO ON THE BRIDGES!!!

To see the full article go to:

[http://greenwoodohio.org/carriage-trail-update/
Marshall Lake Update](http://greenwoodohio.org/carriage-trail-update/Marshall-Lake-Update)

All that is left to do is the final prepping and seeding to secure the soil and restore the lawn on the hillside. This will be done either this fall or early next spring, depending on the weather. We have temporarily covered the area with leaves to prevent erosion and retain moisture, and are refilling the lake.

PLEASE - DO NOT WALK AROUND THE LAKE!

The top and sides of the dam are covered in soft dirt. There is no way through without walking in the mud. We do not want you to slip or get muddy (or to create holes we have to fix). Thank you for leaving the area alone so the grass can grow back ASAP.

Survey Update

The survey of the common property between Stoney Brook and Meadow Creek roads and the installation of GVCA property markers are proceeding and should be completed in November if weather permits.

ACCES

A Friendly Reminder

Please remember **all changes**, improvements, additions, landscaping, etc., to the outside of an existing home or condominium unit **must have ACCES approval before the project starts.**

ACCES APPROVAL

Don't forget to submit a "Request for ACCES Approval" form. **Additions or outside changes to existing lots or structures must be submitted in writing to Greenwood's Architectural Control Committee for Existing Structures (ACCES) for approval.** You should have the latest ACCES Rules, dated 4/20/2004, which includes a list of items that do not need approval, as well as a list of what to include with the form, such as a design drawing, a plat map showing location, and color samples. **Single-family homeowners** must have their neighbors' signatures on the form. **Condominium owners** must have the written approval of their board or management company on the "Request for ACCES Approval" form *before* submission to the ACCES. **Condominium associations or their management companies** also must submit a "Request for ACCES Approval" form to the ACCES and have it approved before beginning any outside projects. All requests for approval should be submitted to the GVCA office two weeks prior to the meeting.

The ACCES meets on the **first Tuesday of the month. The next ACCES submittal deadline is Tuesday, November 24, 2015.** This gives the committee members time to review and do an on-site inspection if necessary. The next ACCES meeting is on **Tuesday, December 1, 2015**, at 7:00 pm. Approval forms are available on the desk by the women's locker room. If you need a copy, contact the GVCA office or download it from the website. **Don't forget Sagamore Hills zoning and Summit County building permits for your project!!!** Call the Zoning Inspector for Sagamore Hills Township (330-467-0900).

Satellite Antennas

Satellite antennas, like all changes to your property, are covered by ACCES. If you wish to install a satellite antenna, call the GVCA office and the manager will come out and help you locate the best place to mount your antenna and will give you an instant ACCES approval. Note: the GVCA Board of Trustees passed a motion in 2001 prohibiting mounting individual satellite antennas on any GVCA or condominium common property, including buildings. Satellite antennas can only be mounted in your exclusive use area, which for condo owners is inside your patio or deck. (Pick up a copy of the ACCES guidelines on satellites from the website or the GVCA Office. Each condominium association is different, so please check with yours for their special rules regarding satellite or cable installation.)

Trash Can Storage

With the start of the new trash service for single family homes, we wanted to remind everyone that, except on trash day, all trash containers must be stored out-of-sight, which means inside your garage, or behind an ACCES approved screen*.

Cable Service

Time Warner Cable appointed a special representative for Greenwood Village residents. Contact Mike at 330-604-1949 for your cable TV, high-speed internet, and phone service. Ask him how you can get more for your money.

Clubhouse Snow and Ice Removal Specifications

When temperatures start falling, everyone must proceed a little more cautiously as dangerous conditions may lurk anywhere. As is standard for associations throughout our area, we have a snowplow contract that calls for snow to be plowed when it exceeds 2 inches and for walkways to be shoveled as circumstances warrant, up to two times a day. The contractor uses ice melt but sparingly so. There are buckets of ice melt located at the entrance doors for individuals to use as desired. Please note, it does not instantly melt ice and its effectiveness is very limited as the temperature drops. You are urged to take care and be mindful that slippery ice and snow may exist anytime the temperature drops below 40 degrees. GVCA does not guarantee or promise protection against winter hazards. Your care and attention to the conditions that exist is, therefore, necessary to ensure your safety while on the property. Snow and ice are a fact of life in Ohio!

Thinking of Selling your Home?

Potential buyers stop by the clubhouse looking for home listings in the newsletter, be sure to place a free ad. It will also be on our website! For more details, see the **Post Your Ads** notice on Page 4.

Thinking of Buying?

Greenwood Village is one of the most unique developments in Ohio. Surrounded by parks, it is a nature lover's paradise. All residents are members of GVCA, which entitles you to use the amenities, such as swimming year-round at our indoor and outdoor pools, fishing in our pond stocked with rainbow trout, bass, bluegill, and channel catfish, playing tennis or volleyball on our outdoor courts, hiking on our trails, and rental of our party rooms. Be sure your title agency notifies GVCA of your pending purchase, so we can let them know about any GVCA fees they need to settle as part of the closing costs. Once you move in, please stop by the GVCA office at the clubhouse to sign up for your activity passes, so you can use the facilities.

Shopping for a Condominium?

Condominiums associations are required to be fully funded, unless the majority of residents vote against it every year. Fully funded associations typically have higher monthly fees, but should not hit you with special assessments for expected repairs. Check if your association is fully funded before you buy.
